

Senior Fire Protection Engineer –Dubai Jebel Ali Port

NAFFCO Group is seeking a dynamic and energetic senior level registered Fire Protection Engineer to lead the Dubai, code consulting practice. NAFFCO Group is an international engineering firm specializing in building systems design for a range of projects, including office and residential buildings, laboratories, academic and government facilities, museums, tenant interiors and more.

About this opportunity:

As a Senior Fire Protection Engineer, you will have the opportunity to apply your design expertise on exciting and challenging projects. You will have the chance to work with some of the top engineers in the field, gaining additional expertise and building your reputation and career. You will be managing signature projects involving innovative solutions to complex building challenges.

What's so great about this job?

This is an excellent opportunity to perform innovative design on signature building systems projects in this new and exciting market. NAFFCO Group has an exciting and growing portfolio of work with both internal and external clients. There is significant growth potential for the candidate who obtains this position, and provides access to a market-leading compensation and benefits package.

What kind of candidate are we looking for?

We are seeking a talented and highly motivated engineer with a B.S. or Master Degree in Fire Protection Engineering, and 15 years of experience in code consulting, fire alarm design and automatic sprinkler design. PE registration is required. In addition, preferred candidates will have experience in business development with interest in growing a new business venture. To be successful, candidate must have excellent technical skills, and have strong communication and interpersonal skills.

Why join NAFFCO Group?

NAFFCO Group provides the following engineering services: HVAC, Electrical Power, Fire Protection, Plumbing, Energy Conservation and Sustainable Design, Code Consulting and Construction Administration Services. We have a reputation for innovative design in the global design and construction industry. As part of the NAFFCO Group family of companies, we are home to some of the best minds in the country, including nationally renowned subject matter experts. NAFFCO employs approximately 4,000 people with offices in several GCC countries and with customers in 100 countries worldwide.

“NAFFCO Group is an equal opportunity employer. We invite resumes from all interested parties.
