سـيرفـسـز ذ.م.م

Company:

Emirates Response Services (ERS) is a subsidiary of Emirates Advanced Investment Group located in Abu Dhabi, UAE and is a unique provider to the UAE government for Fire and Rescue Services.

Emirates Response Services (ERS) provides a fully integrated outsourced turnkey provision for Fire and Rescue Services – including the provision of personnel, training, procurement and management of vehicles and specialist equipment and facilities management.

Emirates Response Services (ERS) is dedicated to achieving the highest international standards of services delivery in UAE – a service provided through collaborative international Fire and Rescue Services partnership support.

Emirates Response Services (ERS) is trusted by its clients to manage operational risks and emergency response through its operational management of Fire and Rescue Services.

How to Apply: Email: job@ers.ae

Positions: Fire Safety Officer

Only Shortlisted candidate will be contacted

The purpose of the role is to be an integral part of the fire safety team. Assist the Sr. Fire Safety and Extinguishers Officer through effective supervision and assessments so that all buildings associated with the site are safeguarded by fire protection systems and support evacuation process.

To support and manage fire safety related issues and provide recommendations which will meet NFPA requirements. To assist in the investigation of incidents related to buildings and provide written submissions. To liaise with Engineering Projects and contractors to ensure international and national fire protection standards are being adhered to.

The loss or partial disruption of essential airport buildings will have a detrimental effect on business continuity, therefore it is paramount fire safety vigilance is managed effectively.
